

## Criminal Cases For Circuit Court Term

There are eight criminal cases now on the calendar to come before the grand jury at the coming Circuit Court term, with the probability of more being added. It is not now believed that any of these will take a great deal of time. The cases are as follows:

Territory vs. Florancia Mendosa, statutory, the crime alleged to have been committed at Hailu.

Territory vs. Elario Asutena, burglary in the second degree at Hamakua-apoko.

Territory vs. Kamekichi, malicious burning at Wailuku.

Territory vs. Tatsuhi Saito, statutory, offense alleged to have been committed at Punene.

Territory vs. Paul Chuck, burglary first degree, crime alleged to have been committed at Wailuku.

Territory vs. Tomas Pamas, assault with a weapon, crime alleged to have been committed at Hamakua-apoko.

Territory vs. Pat Permeu, burglary, crime alleged to have been committed at Paha.

Territory vs. Alfred Fernandez, seduction, crime alleged to have been committed at Paha.

Indications are that the term will be a short one and that most of the time will be taken up in the hearing of civil matters.

## Red Cross Violations

The following are some of the misrepresentations and infractions of the Red Cross that are being carried on throughout the territory of Hawaii and that have been brought to the attention of The Hawaiian Islands Committee of Red Cross Nursing Service:

"Performances and benefits being given whereby a percentage of the funds only is turned over to the Red Cross."

"Local firms are permitting solicitation for sales of articles of their trade on a percentage basis."

"Individuals are improperly using the insignia 'Red Cross' representing themselves to be Red Cross nurses when they are unauthorized to do so without the sanction of the Hawaiian Islands Committee of Red Cross Nursing Service."

"The Red Cross flag, and insigna are being used on automobiles and in window displays which is contrary to the provisions of American Red Cross Circular No. 114, and contrary to the provisions of the Geneva convention."

All persons are cautioned against any infractions of the above.

## National Guard May Soon Go Into Camp

The Honolulu Advertiser of Wednesday contained the following:

Providing the new bond of Major Short, of the quartermaster department of the Hawaiian National Guard, reached Washington yesterday, and that his final accounts for a subsequent allotment of money arrive there Friday, funds for the forthcoming encampment of the guard this fall may be released, and the actual date selected for the entire guard, including the units on Hawaii, Maui and Kauai, to go into camp for about two weeks.

Up to yesterday no word had been received at armory headquarters from Washington, and the guard will continue to mark time, but in preparation for the big event.

Owing to the demand for a more intensive training in new warfare, and because trench systems and a bomb section have been established near the Reserve Officers' Training Camp, the encampment may be held at Schofield Barracks, so that this instruction may be included.

It is the impression among guardsmen that the encampment may be held in November, as the sugar planters are then cleaning up the harvest for this year and there are a few weeks of interregnum before the mills are in readiness to tackle the new, or 1918, crop.

Ishii explained that his original utterances were improperly termed Monroe doctrine by the press. Ishii said fundamental difference was that President Monroe did not announce any promises regarding American attitude towards the rest of the continent, while Japan now voluntarily announces that she engages not to violate the integrity of her neighbors, to observe principle of open door and equal opportunity, at the same time asking other nations to respect these principles.

## County Officials On Tour Of Molokai

County Attorney E. R. Bevins, Supervisor David Fleming and S. E. Kalamala, chairman of the Board of Supervisors, returned Friday night from a trip to Molokai, whither they had gone three days before on county business.

The official party landed at Honolulu and went around by sampan to Palakoo, where they looked over a new school cottage, which will be completed in about a week. Everything was found to be in good shape. Road questions were then taken up by the supervisors, while the county attorney inquired into certain matters for criminal prosecution. The latter will be referred to the grand jury.

The next business was to look over the site at Uelapue proposed for the new hospital. This site has the advantage of being near the home of the government physician, but occurred to the visitors as a very dry spot. A change of location may be recommended.

Friday morning the officials and others went out from Kaunakakai on a deer hunting expedition. Attorney Bevins and Supervisor Fleming brought down a deer each.

## Athletic Work Of Settlement Being Extended

At a meeting at the office of the Maui Agricultural Co. in Hamakua-poko, Monday afternoon H.D. Sloggett and Headworker Mathews, of the Alexander House Settlement, talked to a group of boys and young men in the Hamakua-poko camp about organized athletics and as a result three teams were organized to play volleyball and basketball on the camp playground.

Games will be played according to a schedule which is now being arranged and this league, which will be similar to the International League in the Gymnasium in Wailuku, will provide exercise and amusement not only for the young men in this camp but plans are being made to organize leagues along the same lines in other camps in Central Maui.

Lahainauna school has also been organized for athletics and games. As in the case of Maunaloa Seminary, plans have been made to have the Settlement conduct one play period each week at Lahainauna, teaching the students new games and coaching them so that with a definite schedule these activities will continue throughout the week, whenever time can be found for them.

The Settlement plans to hold its second annual rummage sale on Saturday afternoon and evening, October 13th, in the Kindergarten room. This sale proved to be very popular last year; a large number of people availing themselves of the opportunity to buy nice things at greatly reduced rates. The proceeds of the sale go to the regular Settlement fund.

Many people are making use of the Settlement beach house in Kahului. There is opportunity, however, for a larger number of people to make use of this house than heretofore and the Settlement takes this opportunity of extending an invitation to those who do not know of it. Application should be made through the Settlement office.

K. Maeno, of Wailuku, thought he would make a little money on the side and rented his automobile, without, however, obtaining a driver's license. He failed to appear in police court this morning, forfeiting bail in the sum of \$25.

Maui, it is believed, is the first island in the group to attempt the furnishing of teachers' cottages on a large scale; although something has been done in a less general way along this line on Oahu and other islands.

## Japanese Join Red Cross

Many Japanese of Maui are planning to join the American Red Cross. There was some misunderstanding about this, the Japanese being under the impression that they could only join the Japanese Red Cross. Mr. Otsuka, of the Maui Record, has done much valuable work in explaining this matter to the Japanese, and the results are now beginning to show.

## Organ Recitals At Makawao Church

Miss Alice Harrison, organist of Central Union church, Honolulu, will give two recitals on the new pipe the first being next Thursday evening, beginning at 8 o'clock, and the second the following Tuesday evening at the same hour. These recitals should prove genuine treats to all music lovers and it is expected that the church will be crowded on each occasion.

"Sid" Spitzer, a travelling salesman well known on Maui and throughout the Islands, was married in Honolulu last Sunday, the bride being Miss Hazel M. Durenberger.

## Police Report For The Month Of September

**Many Arrests Made During Month But Few Have Nerve To Face The Court, Preferring To Forfeit Bail—Receipts Are Large**

The report of the police department for the month of September will show that 256 arrests were made, an average of something over eight a day. Of this number 230 avoided appearance in court, forfeiting bail in the total sum of \$1518. Of the cases brought to trial there were 21 convictions, one nolle prosequi and four discharges.

Fines and costs amounted to \$141.75, of which \$106.75 was paid in, bringing the total of receipts for the month up to \$1,624.75. Twelve persons were sent to jail for terms.

A very large proportion of the arrests were for gambling, while liquor was at the bottom of most of the remainder, in one way or another.

In the matter of crimes the record for the month was very good, the few offenses under this head being not particularly aggravating.

## Miss. Harrison's Recitals

A most rewarding program greeted the music-lovers who came out to hear Miss Alice E. Harrison's organ recital at Central Union church Tuesday evening. The numbers, all of a distinctly melodious character, were so skilfully diversified and rendered with such sureness of technique and sensitivity of interpretation as to make the evening of unusual interest. The religious education committee, under whose auspices these concerts are given, is pleased to note from the greatly increased attendance that they are proving their value to the community.—Star-Bulletin.

## Furnished Cottages For Maui Teachers

By the early part of the new year all of the teachers' cottages of Maui will be supplied with furniture, such as bedsteads, chairs, bureaux, etc. Some of them have been fitted out already and the others will be with a little delay as possible. The county will supply the lumber and the boys in the vocational classes of the schools will make the furniture. This all means that after this year, new teachers arriving here will have very little to buy in order to set up quite comfortable "house keeping."

Maui, it is believed, is the first island in the group to attempt the furnishing of teachers' cottages on a large scale; although something has been done in a less general way along this line on Oahu and other islands.

## An Expensive Caper

K. Maeno, of Wailuku, thought he would make a little money on the side and rented his automobile, without, however, obtaining a driver's license. He failed to appear in police court this morning, forfeiting bail in the sum of \$25.

## Slow Tennis Week

Tennis has been moving slowly this week. The only contest was on the Wailuku Mill courts Thursday afternoon when D. C. Lindsay and Miss Thelma Boyum defeated N. E. Weight and Miss A. von Tempsky, 6-2, 6-2. It is quite likely that there will be contests this afternoon and tomorrow, although none have yet been booked in.

## MARRIAGE LICENSES

The following marriage licenses have been issued at Wailuku since last report: Napaela Hamela, Hawaiian, 40; Kaeuanalo Hoopii, Hawaiian, 34; Isabura Wakematsu, Japanese, 30; Tsunyo Oda, Japanese, 20; Louis L. Martins, Portuguese, 24; Eliza Abreu, Portuguese, 22; Bansa-bura Kurosawa, Japanese, 24; Tetsu Tetsuka, Japanese, 21.

There will be no charges or deductions made by Demetre Bros. for forwarding this money to France.

## Hilo Y. M. I. Teams Are Coming After All

(Continued from Page One.)

Inter-scholastic championship in 1916. But then, the Kahului quintet is composed of veterans, who know the game from A to Z, and the Hiloites will have to fight like Indians to hold up their end anywhere near evenly. This game gives promise of being a corker, and the Maui fans will be treated to an exciting contest. The Gymn quintet will also make the big island boys hustle for all that they are worth, for they know the game thoroughly.

The schedule of the games to be played, is as follows:

Hilo Y. M. I. vs. All-Maui.

Saturday, October 13th, evening

## Pleased With Outlook For Montana Bingham

C. G. Ballentyne, who has just returned to the Islands from an inspection of the Montana-Bingham property, much of the stock of which is held on Maui, has this to say:

"In regard to the property interests I find that these consist of the Montana-Bingham property and tunnel, the 'Valentine' location, the Tiwauakee location, the Thrush location and the Fortuna; with the exception of the Montana-Bingham, the company does not possess title to any of the others, but holds the same under option of purchase, the conditions of which require fulfillment in order that the fee simple of all the properties will be vested in the Montana-Bingham Consolidated Mining Company.

"In addition to the foregoing, the company owns 158,000 shares and 10 per cent of the net proceeds of the Bingham Amalgamated Copper Co., consisting of 300 acres of good ground. The amounts still to be paid to acquire the Thrush, Valentine and Tiwauakee amounting to \$2750 for the Thrush, \$28,000 for the Valentine and \$37,500 for the Tiwauakee, in all \$69,250.

### Want Clear Titles

"This ought to be provided so that the clear titles to these properties may be obtained. Now in regard to the Fortuna, it is the part of wisdom that the full ownership of this be secured, and in order to do this the interest of Governor Bamberger should be obtained and this can be done by a stock payment.

"As to the Higgins quarter interest, this consists of a small cash payment and the balance in stock which can be converted into cash. The sound thing to do is to acquire the absolute control of all the properties. Instead of the Montana-Bingham having 45-80ths of the Fortuna property, the expenditure of a small amount of cash and some stock will secure the whole interest."

## Women Suffrage Up To The Electorate

The U. S. Senate, on September 13, passed the following bill, which empowers the Legislature of Hawaii to submit the question of suffrage for women to the voters of the Territory:

Be it enacted, etc., That the Legislature of the Territory of Hawaii be, and it is hereby, vested with the power to provide that, in all elections authorized to be held by the organic act of the Territory of Hawaii, female citizens possessing the same qualifications as male citizens shall be entitled to vote.

Sec. 2. That the said legislature is further hereby vested with the power to have submitted to the voters of the Territory of Hawaii the question of whether or not the female citizens of the Territory shall be empowered to vote at elections held under the laws of the Territory of Hawaii.

Sec. 3. That all provisions of the organic act of the Territory of Hawaii restricting the right to vote to male citizens which are in conflict with the provisions hereof are hereby repealed.

Sec. 4. That this act shall take effect and be enforced from and after its approval, and shall be held to apply to both Territorial and municipal elections.
